

# Jade Booking

IS THE NEW **SMART SOLUTION** AVAILABLE IN JADE

## MEETING ROOM EXPERIENCE, WORKSPACE RESERVATION AND DIGITAL SIGNAGE IN A SINGLE SOLUTION

Unify your digital signage experience, meeting room scheduling and workspace reservation into a single solution. It's simple. It's Jade Booking.

## RESOLVE YOUR BOOKING CHALLENGES

Looking for a meeting room on the way to work? Don't worry. With Jade Booking anyone is able to manage their own bookings from anywhere and from any device (pc, tablet or smartphone). All employees can reserve a meeting room or a desk on the web page, in their Outlook/MS Exchange/ Google Calendar and on touch/desk screens.

## UNLEASH THE POTENTIAL OF YOUR CORPORATE COMMUNICATION

Combine your workspace solution with an effective visual communication to deliver the most engaging experience to visitors and employees by displaying directional signs, HR information, meeting room instructions, and more. Try Jade Booking and Jade Enterprise together.

### ELEGANT DESIGN

Our slim 10.1" touch screens and 3.5" deskbooking are an elegant addition to your workplaces.

### RFID CARD READER

Our touch screen lets you book the room, start, end the meeting simply by tapping your RFID-enabled card or entering a code.

### WEB APP TECHNOLOGY

Access to Jade Booking from any web browser: enable meeting room and desk reservation for everyone, wherever they are.

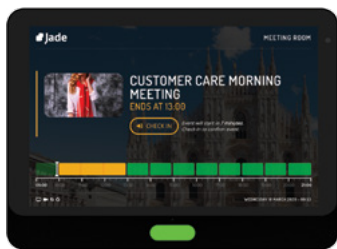

# Jade Booking

## DISPLAY MEETING INFORMATION

Key Functions at your Fingertips

**Jade Booking** Meeting Monitors and Desk Screens include highly visible LED status lights. Three Room Status are available: Free (Green Light), Booked but not checked-in (Amber Light), Meeting in Progress (Booked & Checked-In). Jade Booking allows you to customize background, logo, graphics, colors, and more.

### SEVERAL MODELS ARE AVAILABLE!

As touch or as non-touch screens

- G Suite
- Exchange
- Office 365

## TOTAL CONTROL OF YOUR WORKPLACE

Jade Booking is a globally-scalable, web-smart, hardware & software "all-in-one" solution. It seamlessly supports your existing MS Exchange or Google Calendar scheduling software. It allows to switch your meeting room monitors into the "digital signage mode" anytime.
